

## **VRFT Toolbox for MATLAB 7 (R14) - get started**

Add the `vrft` folder to the path of your MATLAB.  
Type in MATLAB prompt:

- `help VRFT`  
FOR DESCRIPTION OF THE DIFFERENT `.m` FUNCTIONS

or

- `VRFT_GUI`  
FOR GRAPHICAL USER INTERFACE.

## **OPTIONAL: install VRFT as a MATLAB Toolbox**

1. copy the `vrft` folder in `MATLAB_R14\toolbox` directory
2. add the `vrft` folder to the path of your MATLAB
3. click on MATLAB [Start] button → Preferences... → Update Toolbox Path Cache → [Apply] [OK]
4. close and re-open MATLAB.
